

ARCHITECTURAL WALL MOLDINGS

Let's just check options for architectural wall moldings, wood – too costly, plaster of Paris – easily damaged and short life, others – no color or finish option.

But, Decoroids gives you yet another option as unique as its products. Decoroids architectural wall moldings, backed with PU foam – gives the wooden look, highest durability, easy to use and also provides many choices in colors and finishes.

Now, do we still need to check the previous or other options?

Architectural Wall Molding

Size: As per design **Thickness:** As per design **Designs:** 8 **Color:** White, Crème, Wooden and Elegant Wooden finish - as per page no. 45

1. Prepare the surface by removing all the dust, moisture, loose paint etc.
2. Apply any rubber adhesive on the back of the panel and on the wall (where you are going to attach it).
3. Let the adhesive dry till it becomes tacky and attach the piece to the wall.
