## Decorative Wall Panels

**Size:** 7' x 3' (feet)    **Thickness:** 6 mm    **Designs:** 6

**Application:** Other designs, colors and finishes available on request.

1. Prepare the surface by removing all the dust, moisture, loose paint etc.
2. Apply adhesive on the back of the panel and on the wall (where you are going to attach it).
3. Let the adhesive dry till it becomes tacky and attach the piece to the wall.
